Citing References from Library Databases (EBSCOhost, VOL, ProQuest, LexisNexis)

American Psychological Association (APA)

APA requires a digital object identifier (doi) in the reference if one is assigned. Typically, the doi is located on the first page of the electronic article or the database landing page for the article; if no doi is assigned and you retrieved the document online, include the home page URL for the journal or magazine.

**It is not necessary to include database information or a retrieval date in the entry.**

Journal article with doi:

Author’s Last Name, Initial of First Name. (date of source). Article title. *Title of Journal, volume number* (issue number), page numbers. doi: xxxxxxxxxx

Journal article without doi:

Author’s Last Name, Initial of First Name. (date of source). Article title. *Title of Journal, volume number* (issue number), page numbers. Retrieved from url

In-Text Citations:

Use author’s last name and the year. Separate items in the citation with commas. If the material is quoted, use page numbers.

Example: (Balcombe, 2009, 212)

Revised Summer 2010
